No 6. To the Accountant General and Civil Auditor

Sir

The Remittance of 150000 Pagodas expected from this Treasury at the Presidency having from unavoidable circumstances not been despatched, I beg leave to state the causes of delay for the information of the Right Honorable the Governor in Council.

My Letter of the 27th August last informed you that in the Month of December 150000 Pagodas would be at the disposal of Government and which was accordingly ready but the general movement of Troops about that time in the Southern division, and the Detachments at Madura and Dindegul having also been ordered on Field Service, with the exception of a small number actually required for those Garrisons precluded the Officer Commanding from complying with my requisition for Troops to escort the Treasure.

Subsequent to the return of the Troops into Garrison I made preparation for despatching the Remittance and which was to have left Madura tomorrow Morning, but your Letter of the 4th January, having reached me this day, I have discharged the hired Cattle, and made application to the Officer in charge of the Public Cattle at Trichinopoly for the conveyance of the Treasure above noticed.

No. 23. To the President and Members of the Board of Revenue.

Gentlemen,

Para 1. I have the honor to lay before you my Report connected with the re-establishment of Town and Frontier Duties on Merchandize suspended for a time by the orders of Government under date the 21st July 1806.

2. The reduction of my Cutchorry Establishment (from seventeen Gomastahs to seven besides Writers &c.) and the occupation of their time as well as my own in forwarding the Settlement of the Year, have prevented me in submitting the accompanying Documents earlier.

3. The sentiments I originally entertained of the advantages the new system of collecting the Customs was likely to produce on our Receipts having undergone a material change after one Year experience, I deemed it expedient, as according with the principle on which the Regulation was framed to diminish the number of Chokies in these Districts, I requested permission at the same time to reduce their number still further from a conviction that it was not the intention of Government to burthen the People with Taxes of a local nature where Merchants deemed it unprofitable to carry on Trade.

[Margin: ...t of a [illegible] dated 21st June ... 1806.]

4. The operation of the Custom Regulation having about this period been suspended the subject has not since that period been agitated.

5. In submitting my sentiments to you now, I beg leave to refer you to the accompanying Extract of my Letter dated 21st June 1806. The opinions therein stated, will I trust be found more than ever applicable to that liberal system which led to the abrogation of the former mode of collecting the Taxes with the additional advantage now granted to Trade by exempting Merchandize from Town duties where an Import duty has been once paid — as also remitting Duties on all Goods manufactured within the limits of a Town.

A

6. It would however be improper to conceal from you that the remission of Duty last alluded to will materially affect our Receipts.

7. The levy of [illegible] duties has hitherto been confined to places where the manufacture of Goods attracted the greatest Population, all smaller places were exempted because in villages the cultivating Ryots supply their own wants from the produce of their Lands.

8. By remitting the Customs on Goods manufactured in Towns where Chokies are established these Stations are placed in the same situation with villages where no Duties are levied except as far as the actual consumption of those Manufactures go within the Town.

9. We must therefore be prepared to expect a considerable deficiency in the Revenue in consequence of the Export (free of duty) of all Goods from Choky Stations for the purpose of Sale in the surrounding villages.

10. In order to demonstrate the probable effect of this latitude, I am preparing an Extract from the principal Choky Accounts shewing the amount duty collected on Goods manufactured within Towns whence an inference may be drawn as to the result of the present exemption. –

No. 11. The Tariff fixing the value of articles on which Customs are to be levied, has been modified with reference to the alterations in their value in the Market, and will I trust be approved.

No. 12. The Mozin Zabitah I beg leave to submit with reference to the reductions made by the Board in my Huzzoor Establishment of Servants.

13. The numerous Passes leading over the Mountains into the dominions of His Highness the Rajah of Travancore preclude the possibility of guarding them all:

but

but the same inconvenience we experience by the illicit transit of Merchandize from this side, is equally complained of on the part of the Travancore Government, an additional number of Watchmen are therefore employed at the frontier Choky Tirou-Koopoorum.

14. In reply to the last Para of your Letter relative to the employment of Assistants in the direct superintendence of this branch of Revenue and stimulating their exertions by a Commission on the actual Receipts from Customs I beg leave to observe that such an arrangement cannot fail being attended with the best effects.—

15. The facility of malversation in this department, arising in the difficulty of establishing guilt (the Merchants being concerned equally with the Public Servants in concealing it) must ever render it impossible to establish efficient checks against the Commission of numerous irregularities.—

16. I have not prepared an Estimate of the Revenues derivable from Town and frontier duties respectively, because at present I can form no correct idea of the probable result of the modifications now made.— The relinquishing the right of levying duties on Goods manufactured within the limits of Towns will make a material change in the general operation of this Regulation—and should no weighty reasons exist in favor of this exemption, I would beg leave to recommend the continuance of the mode of levying those Duties as heretofore.

2. Having been called upon by the Board of Revenue some Months ago for similar information, I stated in

reply

reply: that the actual quantity of Sunn Hemp produce in last Year (as ℔ Return from each Talook) and the small number of Janapars resident in these districts, induced me to believe that considerable difficulty would attend the extension of the branch of Cultivation.

3. The Advances in money you have made for the provision of a small quantity will however shew to what extent the people may be induced to prosecute their labour, but the information communicated to me I doubt whether the cultivation of Sunn Hemp can ever be brought to any national advantage.

To the Secretary to the Board of Revenue.

Sir,

Para 1. I am directed by the Collector of Madura to afford the explanation called for in the 4th Para. of your letter of the 14th March last.

The Establishment of Choukies for the collection of Town and Frontier Duties took place on the beginning of March 1804 and continued to the end of July 1806 18 days after the commencement of 1216 Fasly.

The original number of Choukies was 20 but after some Months experience it being found that the Revenue derived from several of them was not adequate to the expence they incurred, they were discontinued while the remainder (in number 15) continued until the whole were abolished by the orders of Government.

To ascertain the exact average ℔ Year, the Total Gross Collection of each Choukie was averaged on the number of Months they actually remained in force, as for instance the Choukie of Dindigul continued for 29 Months (Vide Col. 17 Statt. now forwarded) Total Collections 3490. 22. 9 (Col. 18) average ℔ month 135. 36. 67½ ℔ Year 1630. 23. 50. (Col. 19. 20) Deduct Charges 169. 28. 23. Remains 1460. 40. 27. (Col. 21.) The Choukie of Tiroopavanum continued 22 Months (Col. 14) Total Collections 352. 24. 2¼ average ℔ month 16. 1. 7⅔ ℔ Year 192. 13. 9 (Col. 18. 19. 20) Deduct the Charges 134. 16. 53 a Nett Revenue 57. 41. 36 Remains. (Col. 21.)

During a period of 29 months, the time the orders of Government for the levy of duties existed the Total Gross Collection was 52882. 27. 32½ which having (Vide Col. 16.) been

Col. 19. been averaged as above gives pr Year 22415. 43. 79 Deduct Charges

Col. 20. 21. Estimated 3890. 43. 18 a Nett Revenue of 18525. . . . Remains

In this manner was the Estimate formed which was forwarded to the Board, and tho' it may certainly be considered high, yet from the great deduction in the Sibbendy and Sadderwared Expences and from the sum already collected little doubt can be entertained of the whole being realized.

To the President and Members of the Board of Trade.

Gentlemen,

I have the honor to acknowledge the receipt of your Acting Secretary's Letter dated 24th Ultimo, transmitting Copies of Papers from the Government General, requiring further information regarding the Culture of the Sunn Plant, produced in the Territories subject to this Presidency.-

As these Papers more particularly require information on two points, I shall state to your Board to the best of my knowledge what I have been able to obtain regarding the Plant.

To the first, in referring to my Letters of the 29th Ultimo, your Board will perceive, that from the small number of Janapars resident in these districts, the Sunn Plant cannot be cultivated to any advantage, but will meet with innumerable difficulties in attempting it.

To the second, I request to inform your Board, where Sunn was ever obtainable (about 100 Miles from Ramnad) the lowest price known was Fans. 33. 60 the Madras Maund of 25 lb exceeding the highest price paid in Bengal by Fans. 12. 55. The Advance I made in September last for Twenty Candies has been returned, the Janapars cannot succeed in the cultivation of this Plant.

I

19. 37 7

I have by the desire of your Board communicated with the Collector of this District, who, now jointly with me, reports on the following points.

The Soil best calculated for producing the Sunn Hemp, is the common Paddy ground manured once a year with the Leaves and Stems of the Plant.

The first season for sowing, is about October, and the gathering of the Crop in January, ~~the second~~ in April, and the gathering in July.

The process pursued in preparing the Hemp for use, is the following.

After gathering the Plant in bundles, it is kept in the sun for two or three days, and then put into the common Tanks, till the plants become soft, they then with their hands (having no instrument or Table) take off the rind, and lay it out to dry, when dried, they store it up in their houses without any care, till they have use for it.

The expence of conveying one Candy to Davipatam, being the nearest Sea Port, would be about Star Pagodas 2. 5.

Should the Collector be able to consign me any Hemp, I shall pay particular attention to your Board's orders, in having it well hacked, and in forwarding it to the Presidency on reasonable Freight.

To the President and Members of the Board of Revenue.

Gentlemen,

I have the honor to acknowledge the receipt of your Secretary's Letters with Enclosures of the 8th and 22d June re-lative to the disposal of certain Women and Dependants composing

the

the family of the late Rajah of Ramnad.

Previous to offering any opinion on the subject of granting the Petitioners a Pension, it is necessary to call your attention to certain circumstances immediately connected with their Representation, and which may materially influence your opinion as to the necessity of making any provision for the Claimants.

Since the period of the late Poligars deposition and the hope which his adherents cherished of his eventual restoration, it has been the practice of all discontented persons to seek his protection (by withdrawing themselves from the protection of their immediate superior the Ranee) and proceeding to the Presidency.

To this cause is to be solely attributed the number of dependants who have signed the Petition addressed to the Honorable the Governor in Council.

With respect to the Women who style themselves "Concubines of the deceased Rajah" I have to observe, that none of them followed him into confinement from Ramnad at the time of his removal, but are persons who have sought his protection since that period.

To provide for the Family of the deposed Rajah at Ramnad consisting of 22 Women, the Government have in their liberality allotted a monthly sum of 1200 Rupees ℘ month or 14,400 Rupees ℘ annum.

Considering therefore that an ample provision have been made for all those persons, who were immediately connected with the Rajah at the period of his deposition. I am of opinion that neither the Women who have claimed a provision for life in consequence of the connection with the Polygar at Trichinopoly and Madura, nor the male dependants who signed the

Petition

Petition have any claims on the liberality of Government.

If the deceased Rajah has any Children immediately descended from the Women whose signatures are affixed to the Address, it ought to be left to their option to relinquish them to the care of the Ranee of Ramnad his Sister, or if they prefer, to the care of his Wives now receiving a Pension from Government.

In case the Mother should prefer the latter alternative, no increase of Pension need be made — the allowance being ample to provide for the addition — and in the event of their choice falling on the Ranee, she will I am certain be most happy to provide for the Children of her immediate Brother.

I shall address the Ranee on the subject of erecting a suitable Monument over the remains of the deceased Rajah.

I have the honor to acknowledge the receipt of your Letter of the 22d June, enclosing Copy of an Address from the Judge and Magistrate in this Zillah to Government, relative to the seizure of Chokalenga Naick Poligar of Kutchacutty returned from Banishment beyond Seas.

The Papers connected with the conduct of the Cutchacutty Poligar, I have now the honor to forward as Extracts from the Records of this Office.

The Board will thence be able to form an opinion whether the original Sentence pronounced against him by Government ought to be reinforced.

No. 1.

29 5.7

To the Collector at Dindigul.

Sir,

Having had reason to suspect that a considerable number of Arms had been concealed in the Aurahullay village of Cuchacutty in the Modacolum Talook, and that a noted freebooter of the name of Chokalinga Naig was the chief person concerned — I took the necessary measures for the apprehension of himself and his chief accomplices — and am happy to inform you that it has led to the discovery and seizure of a great part of the Arms, list of which I have the honor to forward.

2. These Arms were concealed in Pits on the hill of Serumalay in parts almost inaccessible, but by assistance from the roots of Trees, some however were found in the different villages where a further search is still making: —

3. Chokalinga Naig, the Grand father of the present man, who was a Tendal, had formerly acquired a great influence in the place, and being able to collect between three and four hundred men, rendered himself extremely formidable to the Country by his depredations, and assumed the name of Luckia Naig and title of Poligar, which none but his own adherents would properly acknowledge — as he paid no Peshcush to the Government — but was in effect an overgrown Ryot of the Aurahullay Lands.

4. The present man rendered himself still more powerful and dreaded under the late Government, insomuch so, that it looked upon him as the greatest check upon the Colurymauts, and in consequence repeatedly solicited his assistance in their expedition

thither

thither to enforce the payment of the Revenue

5. His adherents are still in the villages in the situation of Ryots but their present conduct leaves room to judge that they only waite for an opportunity to return to their habits of depredation and Rebellion.-

6. From this view of his character, I conceive that the peace of the Country depends upon his removal - even had he not incurred the punishment of transportation awarded against such as might be found with Arms after the period allowed in the Government Proclamation published by Lieutenant Colonel Agnew when in the Southern Provinces.-

7. I had forgot to mention that Chokalinga Naig has three small Mud Forts in different places which I have caused his own adherents to destroy without hope of reward as a punishment for their behaviour, and the entire demolition of them shall take place under my personal inspection as I shall lose no time in proceeding thither.

8. I request to be favored with your instructions regarding the disposal of Chokalinga Naig and the others concerned with him whose names are noted in the Margin; also whether any reward shall be granted to Narrain Reddy who gave the information and assisted very materially in the detection of the inhabitants who have concealed Arms.

...e Names do not appear in ...r Garrow's draft of this Letter ...t from the Board's Answer - they ...e as follows. Ramen, Lētch-...manen, Ponnaul Dafary Naig, ...d Nullagen.

To the President and Members of the Board of Revenue.

Gentlemen,

I beg leave to forward Letter from Mr. Assistant Collector Garrow on the subject of discovery of concealed Arms in opposition

to the Proclamation issued on Government orders by Lieutenant Colonel Agnew

2. The parties with exceptions of four or five not yet taken are in confinement at Madura - and from the knowledge I have of the restless disposition of this self created Poligar - I earnestly recommend to your Board that he be punished as the Assistant Collector recommends - under the orders contained in the Proclamation under which also the informer will be rewarded.

No. 3.

To the Collector of Dindigul.

Sir,

Para 1. I am directed to acknowledge the receipt of your Letter of the 13th May enclosing one from your Assistant. -

2. His Lordship in Council is well pleased to observe the exertions which have been used by your Assistant, to enforce the observance of the Orders of Government relative to the surrender of Arms and as Chokalinga Naick and his Accomplices have fully incurred the penalty denounced by the Proclamation of the 1st December last against all persons wilfully concealing Weapons of offence, His Lordship has sentenced Chokalinga Naick and his accomplices Rama Letchmanen, Permaul, Dassery Naick and Nalian to Banishment beyond Sea, and directs that they be sent to the Presidency under a Guard to be in readiness for the first opportunity that may occur of carrying their sentence into execution

To the Civil Auditor. Fort St George.

Sir,

I have the honor to enclose the Copy of a Letter addressed by me to Government to obtain the appointment of Doctor Boodle to afford Medical aid to the Civil Servants stationed at Ram=nad. I have also the honor to transmit the reply of the Chief Secretary to Government sanctioning my recommendation.

You will be pleased to observe by my Letter, that

Vide letter from Mr Smith dated 15th July 1808.

that Doctor Boodle's present situation differs from other Surgeons attached to Zillah Courts who under late orders, draw the whole of their allowances from the Civil department, with the Indent of the Adawlut.

Doctor Boodle having reverted to the former mode of drawing his allowance that is previous to the establishment of the Zillah Courts now receives his Civil Allowances from me, and his Military Pay from the Paymaster of the District.

The Paymaster of the District (Mr Mainwaring) has however retrenched his Military Allowances, because Doctor Boodle is attached to the Civil department, but as there is no Zillah Court at Ramnad, neither do I conceive myself authorized to discharge his Abstracts for Military Pay.

I request therefore that you will have the goodness to rectify this mistake, either by an order to the Military Paymaster at Palamcottah to admit the charge in his Accounts, or authorize me to pay the same.
